Media Information

每季度出版的《化合物半导体》中国版将全方位报道化合物半导体业的发展, 涵盖新闻信息、技术专题和最新研究动态。内容来源于 Compound Semiconductor 的专业记者和业内受推崇的公司。全球电子产业领先的独立市场研究与咨询公司 IMS Research 在杂志设有定期专栏。

《化合物半导体》中国版以简体中文出版, 全部内容由业内资深专家和编辑人员编辑和翻译。

In addition to specific subjects, each quarterly published issue of CSC will carry news, features and research from the full spectrum of the compound semiconductor industry. Contents are provided by Compound Semiconductor's expert journalists and complimented by contributed articles and features from respected companies in the community. A regular dedicated section is also provided by IMS Research, the leading independent supplier of market research and consultancy to the global electronics industry.

CSC is published in Simplified Chinese and all contents are edited and translated by experienced editors and experts in the field.
